Dear Sirs:

I wanted to write this letter to tell you that this is the fifth Holland grill that we have purchased. Our first grill was bought 20 years ago when we built our house. I am 68 years old and I absolutely "love" this grill. I can cook on this grill without any watching or worrying about it flaming up. The food I cook is wonderful and I recommend this grill to all my friends. We have three children and I bought a grill for each of them when they married and I am purchasing this one for our lake house in Alabama.

During hurricane Ivan, all my neighbors brought over food that was thawing in their freezers and we cooked a combination of chicken, pork chops, hamburgers on my grill and all of it was wonderful. My neighbors were so impressed how well everything cooked on my grill. We are very southern cooks, so I even made corn bread on my grill.

I just wanted to tell you what a great product this is and how much I enjoy my grill. If you ever need a recommendation for anyone, tell them to call me and I can sure tell them how great this grill is. This new grill has automatic igniter and my old one has the self-light that I don't have a bit of trouble lighting. My old grill is still cooking strong and we only replaced the drip pan in 20 years. Thank you for making this great grill.

(Wow! We can't say it any better than that. Thanks Ray and Carolyn)
